

PQRS 155 (NQF 0101) - Falls: Plan of Care

Description

Percentage of patients aged 65 years and older with a history of falls who had a plan of care for falls documented within 12 months.

IMPORTANT! This is a two-part measure which is paired with measure 154 - Falls: Risk Assessment. This measure should be reported if the CPT II code 1100F (Patient screened for future falls risk; documentation of two or more falls in the past year or any fall with injury in the past year) is submitted for measure 154.

Reporting Frequency

Once per reporting period.

Denominator

Patients are included in this denominator if they meet ALL of the following criteria:

Denominator Criteria	Area to Document within eClinicalWorks
They are 65 years of age or older on the date of an appropriate encounter	Patient Information
They have had an appropriate encounter during the measurement period	Progress Notes > Billing Note: The following E&M codes are considered an appropriate encounter: 92540, 92541, 92542, 92548, 97001, 97002, 97003, 97004, 99201, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99337, 99341, 99342, 99343, 99344, 99345, 99347, 99348, 99349, 99350, G0402, G0438, G0439

Denominator Criteria	Area to Document within eClinicalWorks
ONE of the following:	
They have had a history of falls recorded as structured data	Record this information from one of the following locations: - Progress Notes > Preventive Medicine > APP Screening > FALLS: Screening for Future Fall Risk > Q: Have you had any falls with injury in the past year? - O1: Yes - Progress Notes > Preventive Medicine > APP Screening > FALLS: Screening for Future Fall Risk > Q: Have you had two or more falls in the past year? - O1: Yes - Progress Notes > Preventive Medicine > Screenings > Fall Risk > Q: Screening: - O3: Two or more falls with injury in the past year - O4: Two or more falls without injury in the past year - O5: One fall with injury in the past year - O6: Fall with injury in the past year
They have had a history of falls recorded as a procedure	Progress Notes > Billing Note: The following CPT* II code satisfies this numerator: 1100F

Numerator

Patients in the denominator are included in this numerator if they meet at least ONE of the following criteria:

Numerator Criteria	Area to Document within eClinicalWorks
They have had a plan of care for falls documented as structured data during the measurement period	Record this information from one of the following locations: - Progress Notes > Preventive Medicine > Screenings > Fall Risk > Q: Plan of care - O1: Documented Note: Answering this question with O3: <i>Not documented, no reason specified</i> does NOT satisfy the numerator.
They have had a plan of care for falls documented as a procedure during the measurement period	Progress Notes > Billing Note: The following CPT* II code satisfies this numerator: 0518F The following CPT II code does NOT satisfy this numerator: 0518F with 8P modifier

*. CPT only © 2014 American Medical Association. All rights reserved.

Numerator Exclusion

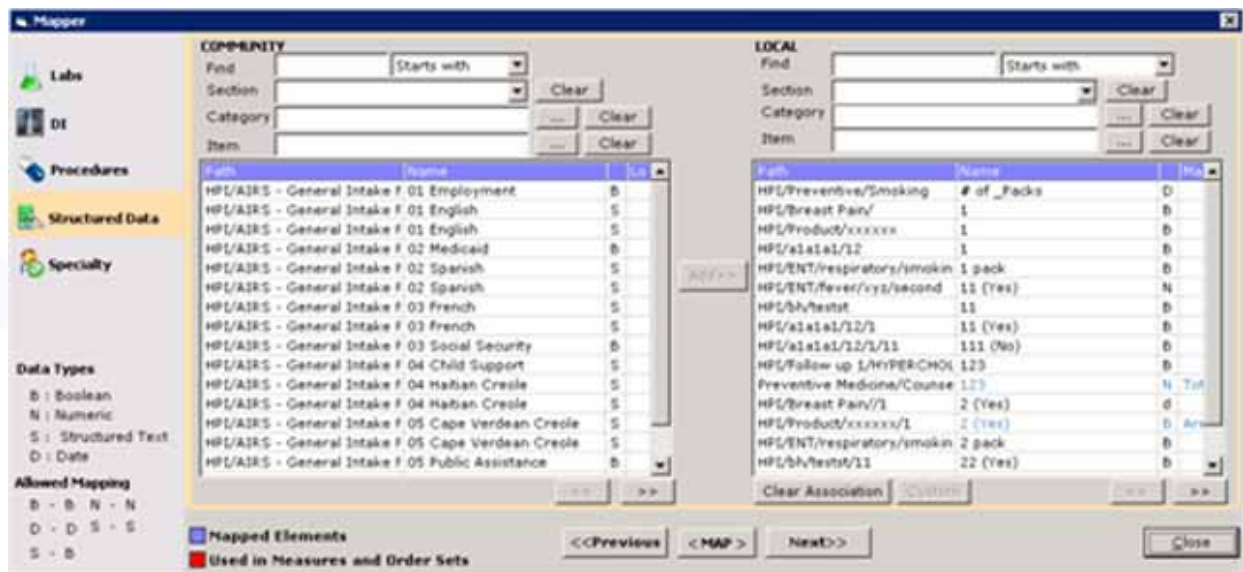

Patients are excluded from this measure if they meet at least ONE of the following criteria:

Exclusion Criteria	Area to Document within eClinicalWorks
The reason for not having had a plan of care for falls is documented as structured data during the measurement period	Record this information from one of the following locations: - Progress Notes > Preventive Medicine > Screenings > Fall Risk > Q: Plan of care - O2: Not documented, due to medical reason Note: Answering this question with <i>Not documented, no reason specified</i> does NOT exclude the patient from the numerator.
The reason for not having had a plan of care for falls is documented as a procedure during the measurement period	Progress Notes > Billing Note: The following CPT* II code excludes patients from this numerator: 0518F with 1P modifier The following CPT II code does NOT exclude patients from this numerator: 0518F with 8P modifier

*. CPT only © 2014 American Medical Association. All rights reserved.

Setup

Structured data must be mapped to community items from the Mapper window:

Access this feature from: Community > Mappings > Structured Data
